Mubarak Overseas, one of **NORDMARIN LLC's** valued clients through many the years, has always entrusted **NORDMARIN LLC** (formerly *Gmmostech Marine & Technical Services LLC*) to do the regular dry docking repair jobs and general maintenance services for their vessel, anchor handling tug, Aquila.

Aquila arrived in Dubai Maritime City on March 13, 2018 and docked on the following day, March 14, 2018.

**NORDMARIN LLC** carried out blasting and painting jobs, steel renewal jobs, piping jobs, anchor and chain jobs, as well as anodes and tyre fender jobs. **NORDMARIN LLC** also did various mechanical jobs such as valves overhauling, compressor overhauling, auxiliary engine top overhauling and pumps overhauling.

Aquila undocked on March 29, 2018 and after all jobs have been completed to the full satisfaction of the client, the vessel sailed out from DMC on April 08, 2018.
