Breadth	: 10 Meter
GRT	: 374 T
Draft	: 1.5 M

The TUG **SEA CARE 1** arrived in Dubai Maritime City on August 18, 2022, to undergo dry docking jobs with **NORDMARIN LLC** as the main contractor. The tug docked on August 24, 2022, and **NORDMARIN LLC** provided dry docking jobs and general services for the vessel.

NORDMARIN LLC carried out docking and undocking jobs of SEA CARE 1. **NORDMARIN** carried out following work scope: Hull treatment and painting with marking, Anchor and anchor chain ranging, hydro blasting both anchor & anchor chain, calibrated both chains and renewed with new owner supplied chain. Chain locker room cleaning, washing & painting. Removed and refitted rope guard for measuring tail shaft clearance. Mechanical team also checked the clearance for rudder. Major steel renewal on side shell, hull, AFT Peak tanks (Port & Stbd) sides, bulwark steel renewal. Overhauling of valves, strainers, air vents & anchor windlass by our team. Renewal of pipe spools in Engine room. **NORDMARIN** procured and supplied all necessary materials and spares required as well as new valves for renewal. Our team managed to complete all these jobs within the docking period.

SEA CARE 1 undocked on September 9, 2022. After all jobs completed to the full satisfaction of the client, vessel sailed out from Dubai Maritime City on October 03rd, 2022.
