NRT	: 37 T

The first job collaboration between of **NORDMARIN LLC** (formerly *Gmmostech Marine & Technical Services LLC*) and Oman based company Deyyar International LLC happened in April 23, 2018 when both parties signed the contract for the Dry Docking and Refitting Works of marine vessel KHASAB for the client Sultanate of Oman Public Authority for Electricity and Water (PAEW).

Vessel Khasab arrived in Dubai Maritime City on June 26, 2018 and docked on the following day, June 27, 2018.

NORDMARIN LLC carried out the following jobs: hull works, general works, hull treatment, wind and water, cargo deck and aft deck, superstructure and outfitting, fresh water tanks, ballast tanks, steering compartment, air space, anchor and chain, bow door, outfitting, accommodation, steel renewal, engine works, gear box overhauling, generator engine works, stern gear works, propeller works, valves pipelines and exhaust works, hydraulics works, alternator and electrical works, compass, fumigation works.

Khasab undocked on July 31, 2018 and after all jobs have been completed to the full satisfaction of the client, the vessel sailed out from DMC on August 30, 2018.
