NORDMARIN LLC got awarded dry-docking jobs of a crew boat **SEALINE 1** by **ASM MARITIME LLC**. The vessel arrived in Dubai Maritime City on April 5th, 2022 and was docked on April 6th, 2022.

NORDMARIN team carried out the dry docking of the vessel to perform the tailshaft bearing renewals, rudder & rudder stock repair jobs. The tailshaft bearings and glands were replaced using shipyard supplied spares. The rudder was repacked with new seals and glands. The rudder stock hydraulic ram overhauling jobs were also carried out by our team. The machining required for the jobs were done at our machine shop. **NORDMARIN** took advantage of the time in dock to perform the general servicing of the hull and inspection and repair of other equipment and machineries.

SEALINE 1 undocked on April 20, 2022. She sailed out from Dubai Maritime City upon the completion of all **NORDMARIN** scope of work to full satisfaction of the client on April 26, 2022.
